Know Your Approvals
User Manual V 1.0

Contents

1. Introduction

1. **Purpose**: The system captures inputs through a set of predefined questions to help investors identify necessary approvals, clearances & NOCs (Business services) required by them for their project at various stages of the project life-cycle.

2. **Coverage**: It covers three key stages:
    1. Pre-establishment
    2. Pre-operation
    3. Post start of Operations
